Schultz Organic Quark

Origin: Timboon, Australia
Milk Source: Pasteurised Organic Cow
Rennet Type: Microbial (non-animal)
Style: Fresh
Size: 375g tub
Approximate Age: 7 days

Quark is a German style fresh cheese, similar to mascarpone and fromage frei in consistency however contains the cultures of a yogurt to give it a mild tartness. Used extensively throughout Northern Europe it is one of the most versatile dairy product that exists.

Tasting Notes: smooth and creamy with a mild tartness, fresh and grassy with a slight sweetness.

Uses: in place of cottage cheese, mascarpone, crème fraiche or sour cream. Great as a base for a dip in place of cream cheese

Wine Match: fresh young Riesling or Sauvignon blanc

Try with: smoked salmon, chives and rocket, combine with fresh herbs for a beautiful dip (serve with crusty sourdough), Miellerie leatherwood honey and fresh berries
